Passion!!!**

WELCOME TO VISIONARY ACADEMY

Visionary Academy is an independent school located close to the central business district of Pretoria. The academy has been established to service the needs of learners from all domains of society. With its close proximity to public transport the academy is easily accessible.

We offer classes from grade 8 to 12 during weekdays. The Academy also offers extra lessons on Saturdays. The foundation of our academy is premised on a philosophy that prepares learners to be productive and responsible citizens. This is achieved through (1) providing an environment which enhances learning in pursuit of quality education, and (2) encouraging cooperation between the Academy and relevant stakeholders. The academy espouses the values of a solid work ethic, good citizenship and a sense of morality that supports community values.

We at Visionary Academy will strive towards ensuring that learners achieve excellent Matric results, and skills that broaden their development opportunities. Our dedicated and passionate teachers are willing to go an extra mile in ensuring that our students achieve their very best.
